Mineral Collection

La gamma Mineral nasce dall'unione tra un polimero altamente performante quale il Polipropilene e il Talco Micronizzato di grado alimentare, un minerale che permette di ridurre il consumo di materie prime da fonti fossili e, al tempo stesso, aumentare la durezza e la resistenza del manufatto. Composta da diverse forme e colori, si fa apprezzare particolarmente in contesti che richiedono sicurezza assoluta al contatto alimentare, infrangibilità ed estrema praticità d'uso, pur mantenendo un posizionamento di prezzo tra i più bassi della categoria. Picnic, barbecue, ristorazione commerciale e collettiva o ristorazione sui mezzi di trasporto, la gamma Mineral si fa valere ovunque servano praticità e sicurezza, specialmente dove c'è un bambino.

The Mineral range is born from the union between a high performance polymer such as polypropylene and food grade micronized talc, a mineral that allows to reduce the consumption of raw materials from fossil sources and, at the same time, increases the toughness and resistance of the product. Composed of different shapes and colors, these products can be appreciated especially for their absolute safety to food contact, unbreakability and extreme practicality of use, while maintaining a price positioning among the lowest in the category. Picnics, barbecues, commercial and collective catering or food truck catering, the Mineral range is the perfect fit wherever practicality and safety are needed, especially where there is a child.

La gamme Minéral est née de l'union entre un polymère hautement performant tel que le Polypropylène et le Talc Micronisé de degré alimentaire, un minéral qui permet de réduire la consommation de matières premières à partir de sources fossiles et, en le même temps, augmenter la dureté et la résistance de l'article. Composée de différentes formes et couleurs, elle se fait particulièrement apprécier dans des contextes qui exigent sécurité absolue au contact alimentaire, incassabilité et extrême praticité d'utilisation, tout en maintenant un positionnement de prix parmi les plus bas de la catégorie. Pique-nique, barbecue, restauration commerciale et collective ou restauration sur les moyens de transport, la gamme Mineral s'affirme partout où la praticité et la sécurité sont nécessaires, surtout lorsqu'il y a un enfant.

Die Mineral-Serie ist aus der Kombination eines Hochleistungspolymers wie Polypropylen und Micronized Talk entstanden, ein Mineral, das den Verbrauch von Rohstoffen aus fossilen Quellen reduziert und gleichzeitig die Härte und Beständigkeit des Polymers erhöht.
Die Linie besteht aus verschiedenen Formen und Farben, schätzt man es besonders in Kontexten, die absolute Sicherheit im Kontakt mit Lebensmitteln, Unzerbrechlichkeit und extreme Anwendbarkeit erfordern, während eine Preispositionierung unter den niedrigsten in der Kategorie beibehalten wird. Ob Picknicks, Grillen, gewerbliche und kollektive Verpflegung oder Verpflegung auf Transportmitteln, gilt die Mineral-Serie überall dort, wo Zweckmäßigkeit und Sicherheit gefragt sind, insbesondere dort, wo ein Kind lebt.

La creatività è tua, la resa perfetta è la nostra."

The new 360° decorated conical cups are set to revolutionize the way we serve and communicate at events, festivals, and outdoor gatherings. Because today, a cup is no longer just a container, it's a true communication tool: it speaks, engages, and leaves a lasting impression. And what if your message could literally wrap all the way around the cup?
Choose the glass that suits you best and send us your artwork: we'll transform it into a full 360° decoration that completely surrounds the cup, enhancing your brand or event and turning every sip into a memorable experience. Creativity is yours, the perfect result is ours."

Les nouveaux gobelets coniques décorés à 360° sont prêts à révolutionner la manière de servir et de communiquer lors d'événements, de festivals et de manifestations en plein air. Oui, car aujourd'hui un gobelet n'est plus seulement un contenant, mais un véritable média : il communique, il engage, il marque les esprits.
Et si votre communication pouvait vraiment courir...
tout autour du gobelet ?
Choisissez le format qui vous convient et envoyez-nous votre graphisme : nous le transformons en une décoration à 360° qui enveloppe entièrement le gobelet, valorisant votre marque ou votre événement et rendant chaque gorgée mémorable.
Votre créativité est la vôtre, la réalisation parfaite est la nôtre.

Die neuen konischen Becher mit 360°-Dekor sind bereit, die Art und Weise zu revolutionieren, wie während Events, Festivals und Outdoor-Veranstaltungen serviert und kommuniziert wird. Ja, denn heute ist ein Becher nicht mehr nur ein Behälter, sondern ein echtes Medium: Er kommuniziert, er begeistert, er bleibt im Gedächtnis. Und was wäre, wenn Ihre Kommunikation wirklich... einmal rund um den Becher laufen könnte?
Wählen Sie das für Sie passende Format und senden Sie uns Ihr Grafikdesign: Wir verwandeln es in eine 360°-Rundumdekoration, die den Becher vollständig umhüllt, Ihre Marke oder Ihr Event aufwertet und jeden Schluck zu einem unvergesslichen Erlebnis macht.
Die Kreativität ist Ihre – die perfekte Umsetzung ist unsere.
